

"Canada's seniors need to have a voice in the federal election. What vision do you have for the future of our great nation? What truly matters to you?"

Come join the conversation.

Collaborative for Healthy Aging and Care  **Collectif pour le vieillissement en santé et soins**

The **New Brunswick's Collaborative for Healthy Aging and Care** is hosting 5 engagement sessions around the province to hear how you envision a national seniors strategy. Findings from the discussions will be presented to the Canadian Medical Association's Demand a Plan Campaign, and circulated to federal politicians running in this year's election.

- As a senior, what matters to you?
- How do you want the future to look like for New Brunswickers?
- How can you contribute to the vibrancy of New Brunswick communities?
- What message do you want to give to federal politicians?

Come join the conversation and share your voice at one of the following **FREE** sessions. Light refreshments will be served:
